ABOUT **C.I.E.R.T**

C.I.E.R.T is established by Candor IVF Centre, one of the pioneer IVF centre in Surat. This centre is organized since 2009 as a multi-specialty center and maternity home, offering the best possible facilities and services to the patients at an affordable cost. We are dedicated in providing our services since more than 10 years and are growing from strength to strength.

WHY **CIERT**

C.I.E.R.T provides a platform for perfecting Embryology skills and latest technologies. At C.I.E.R.T we believe in complete clinical knowledge based embryology training.

The main highlight of C.I.E.R.T is that the students are directly involved and trained in working IVF laboratory while observation of live cases. Students also trained by following logbook system for any cases.

The students also get exposure to multiple IVF centers thereby ensuring knowledge of all latest instruments in the IVF industries and hands on training of all procedure to get more opportunities in future in field of embryology.

Our Clinical faculties are well experienced and provide clinical assistance to successfully handled more than 5000 IVF cases including extremely critical cases and get more live pregnancy rate.

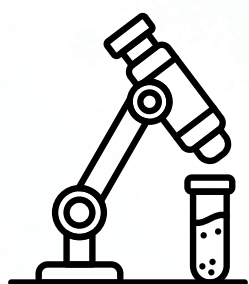

Our team has sound skill of ICSI and embryo biopsy and has done more than 50,000 plus ICSI's.

OUR Service
